

**WPKN:**  
**Guaranteed to Grow Your Mind!**

**WPKN is an acquired taste.** The more you listen, the more your taste grows. You may tune in for one thing, and find yourself a fan of something unexpected. WPKN is hand-crafted radio, created by the passion and imagination of dozens of volunteers, each with their own idea of what the radio could be.

**We're stubbornly independent.** We're listener-supported, and suffer no constraints on our programming imposed by funding sources. We publish our budget to everyone on our mailing list. We have an open format, which allows our programmers and producers to explore and express sounds and ideas that may be difficult to find elsewhere. You are invited to our monthly staff meetings, including the one at which we discuss the budget. WPKN welcomes and encourages your responses to anything you hear on the air.

WPKN's programming can be heard on two frequencies: **89.5** from our transmitter at Trumbull, CT and **88.7** (formally known as WPKM) at Montauk on Long Island. If you're driving eastward and you start to lose the 89.5 signal, you can tune over to 88.7 and continue to hear us until about Exit 6 on I-95 in Rhode Island.

**Please tell all your friends about us.** Maybe we'll grow their minds, too.
